

12W

Adjustable linear track light - RGB + CCT - 12W - UGR18 - Mi Light

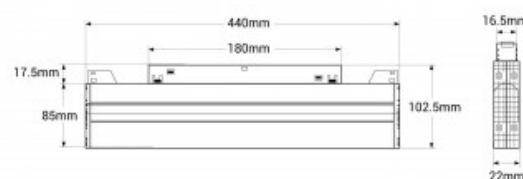

Ref. MG5-12F-RF

12W magnetic track light featuring modern design and great versatility. It's easily installed by pressing the base onto the track, without the need for tools. It offers multiple colour options thanks to its RGB system, and its CCT system allows adjusting the white temperature from warm white to cool white. Colour, hue, brightness, and saturation control are performed via a compatible "Mi Light" remote control (not included). Its low glare index (UGR18) ensures a high level of visual comfort for users.
