

**FAIRY LIGHT copper wire "fairy light" LED garland light chain (10mt.)**

**Ref. X0002**

Fairy lights are very popular as a resource to decorate and illuminate any place or object. Copper wire garlands are very versatile as they are very flexible, but consistent at the same time. You can easily create figures, insert them into transparent objects, roll them up and everything you can imagine. Available in 4 different colors, each one more beautiful and different: cold white, warm and multicolor. The fairy light garland is recommended for indoor use (IP20). 10m LED DIP Includes transformer IP20
