

Solar wall light with sensor 3.6 W IP44

Ref. SL19-W

Solar outdoor light. Solar LED outdoor lights with motion and light sensor. Solar Reflector with power of 3.6W and a light intensity of 260 lumens. More energy storage than many others. Solar panel 170x200mm. Wireless connection and equipped with batteries. Automatic charging. Adjustable lighting. SMD 3030 LED chip, high performance. Intelligent light control, automatic charging during the day to illuminate at night. Rechargeable 2600 mAh lithium battery with 30 hours of light when fully charged. Color temperature is cool shade of 6000°K. 120 degree beam opening angle. IP44 protection rating for outdoor use, made of high quality materials.

Datos del producto

101· Tonalidad	Blanco frío
102· Kelvin (K°)	6000
108· Tipo de LED	SMD 3030
203· Frecuencia (Hz)	50 - 60
206· Driver	Interno
208· Sensor	Sí
312· Uso Exterior	Sí
313· IP	IP44
401· Frecuencia de uso	Intensivo
404· Certificados	CE, ROHS
405· Garantía	Según garantía legal: 2 años
