

WIFI SMART RGB / RGBW + CCT - 60x60 cm - 40W - With mounting kit

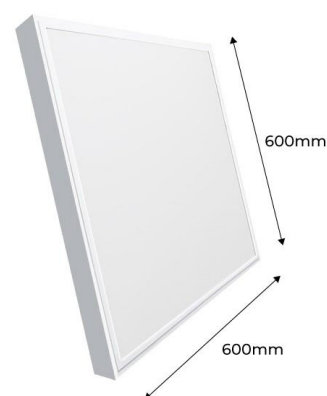

Ref. B4292-RGBW

The WIFI SMART RGB / RGBW + CCT LED panel light features a sleek, ultra-slim design and state-of-the-art technology to provide powerful, uniform and glare-free illumination. It is a high efficiency luminaire that boasts 40W power and 3500 lumens luminous flux. Using a remote control or the TUYA application, it is possible to control the panel lighting, which offers infinite color options by incorporating the RGBW system, as well as three shades of white thanks to its CCT system: warm white, neutral white and cool white. Its intensity can also be regulated from 0.1% to 100% and color transition programs can be created to achieve surprising effects. Includes kit for surface installation with all the accessories for easy and fast mounting. ** Remote control included - This panel model is no longer compatible with Mi-Light** remotes and controls.
