

Dimmable TRIAC constant current driver 43-60V 30W 500mA

Ref. PE292B6050

Dimmable Triac driver 43-60V/DC, constant current, 500ma, 30W. Intelligent PFC dimming, dimming range 2/100%. Triac dimmable constant current specially designed for TRIAC dimming of LED luminaires. TUV certified. NO Flicker, no flicker. SCP/OCP/OVP/OVP/OTP protections.Power 30 Watts.Warranty 2 years.

Datos del producto

Power (W)	30
Nominal Voltage (V)	180-240V-AC
Frequency (Hz)	50 - 60
Sensor	No
Dimensions (mm) LxLxh	156.5x44x29
Material	Plastic
Use Outdoor	No
Frequency of use	Intensive
Lifetime (h)	25000
Energy efficiency class	A+ (2021)
Certificates	CE, ROHS, TUV
Warranty	According to legal guarantee: 2 years
Connectivity	By wiring
Control system	TRIAC
Output voltage (V)	43-60V-DC
