

Emergency light LED REX MINI 60LM AUTOTEST IP65

Ref. 8551040601-T

60LM self-testing emergency light with IP65 protection rating. Non-permanent, automatic switch on in case of power failure. Made of polycarbonate and under standards: UNE-EN 60598-2-22, UNE-EN 60598-1-1, UNE-EN 62031 and UNE-EN 62384. The AUTOTEST system informs in real time about the status of the luminaire, automatically performing all the tests indicated in the UNE-EN-50172 standard. This allows us to have a simple review and maintenance of the emergency luminaire. Watertight battery with an autonomy of 1 hour. The emergency luminaire can be installed either recessed, with the accessory not included for recessing, or surface mounted. Surface dimensions: 255x89x37mm Recessed (with accessory): 278x115x36mm Cutting dimensions: 263x97mm
