

Emergency light conversion kit for LED luminaires - Max. 45W

Ref. B1054

The conversion kit transforms any LED luminaire into an emergency light in case of power failure. Adaptable to various 110-240V LED luminaires, such as panels and downlights. With an autonomy of 3 hours, it supports up to 45W and is easy to install. It includes a tricolor indicator for monitoring the operating status. An effective and aesthetic solution for emergency situations.

Datos del producto
