

Smart WIFI Dimmer 200W On/Off Function

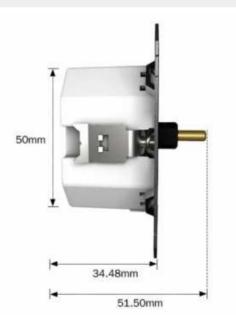

Ref. B704-WIFI

Dimmer Smart WIFI 200W. This LED dimmer allows us to control the intensity from 0 to 100% by simply turning the circular knob or through any device with the TUYA application. It contains a toggle switch to be able to turn on and off the LED lighting from two different points of the room (accompanied by another toggle switch). Working with the TUYA app, it supports the use of Amazon Alexa and Google Home . It is compatible with most recessed housings such as Busch Jaeger, Jung, Berker, etc.* A qualified professional and/or advice from our technicians is required for installation.
