

Aluminum profile for LED strip 23.5x57.8mm (2m)

Ref. BPERFALP188

The 2m long aluminum profile for surfaces, is a very useful wall fixture for our LED strips to illuminate and highlight elements such as paintings, sculptures, hanging objects, walls etc.. These look great for example in museums and art galleries, but also serve perfectly to illuminate our room and generate a minimalist and modern space. It can also be used as a decorative element or indirect lighting on empty walls.- Plugs and LED not included -
