

## Blue Skylight" sky effect panel - Daylight - 36W

### Ref. B5228-BS-60X30

Our "Blue Skylight" panel incorporates an innovative technology capable of producing natural light with a depth and colors similar to those of a real sky. It is an original 19 cm thick structure that combines a thin light-scattering panel with an LED lighting method that imitates sunlight with great precision. It is a product specially designed for offices, public facilities, subway spaces and other environments where natural light is limited or unavailable. It allows to recreate a luminous blue sky, establishing a connection with the outside, and thus increasing the psycho-physical comfort of the users. \*\*5-year warranty
