Flexible monochrome LED Wall washer 24V DC - 5 meters - 2700K - IP67

Ref. B1939-270

The flexible single-color watertight wall washer is an ideal solution for architectural lighting in commercial and residential environments. Its flexible design allows installation at curved angles, providing asymmetrical lighting with a beam angle of 15 x 45°. With a high color rendering index (CRI ≥ 80), it ensures accurate color rendering. Thanks to its IP67 protection rating, it's suitable for various outdoor lighting projects, such as facade decoration, arches, letter backlighting and advertising signs. Although it allows for custom cuts, complete waterproofing is not guaranteed. Shade: warm white (2700K).
