Flexible RGB LED Wall washer 24V DC - 5 meters - IP67

Ref. B1939-RGB

The RGB watertight flexible wall washer is a versatile solution for architectural lighting in commercial and residential environments. Its flexible design allows installation in curved angles, providing asymmetrical lighting with a beam angle of 15 x 45°. Thanks to its IP67 protection rating, it's suitable for a variety of outdoor lighting projects, such as facade decoration, arches, letter backlighting and advertising signs. Although it can be cut to size, it's not guaranteed to be completely waterproof.
