

LED spotlight for single-phase rail special for butcheries - Integrated driver Philips CertiDrive - LED COB - 40W

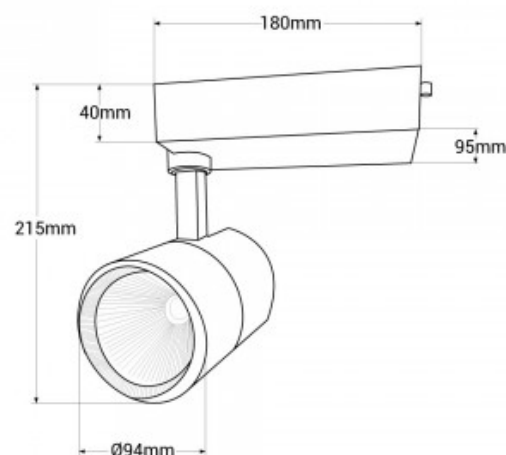

Ref. B00574-CAR

Single-phase LED track spotlight especially for butcher shops. It stands out for its striking compact design and its high quality Philips CertiDrive driver with 5-year warranty. This is incorporated in the same piece of connection of the spotlight to the rail. Its powerful beam of light with COB LED chip illuminates with precision the details, with a high color rendering index (CRI>80), allowing to show the real colors in a natural way. It has a 360° rotating body and a 45° focal light angle, providing an ideal spot light to highlight products. It emits an illumination in a range of the pink hue spectrum that allows highlighting the color of the meat, giving it a fresh appearance, favoring the customer's purchase decision. Available in white or black.
