

LED spotlight for three-phase rail special for butchers - Integrated driver Philips Xitanium m- LED COB - 40W

Ref. B00591-CAR

LED spotlight for three-phase rail special for butcheries, which stands out for its striking compact design and its high quality Philips Xitanium "intrack" driver with 5-year warranty, which is incorporated in the same piece of connection of the spotlight to the rail. Its powerful beam of light with COB LED chip illuminates with precision the details, with a high color rendering index (CRI>80), allowing to show the real colors in a natural way. It has a 360° rotating body and a 45° focal light angle, providing an ideal spot light to highlight objects or products. It emits an illumination in a range of the spectrum in a pink hue that allows highlighting the color of the meat, giving it a fresh appearance, favoring the customer's purchase decision. Available in white or black.
