

Aluminum tilting profile for flexible LED wash light - 1 meter

Ref. K1939-PERFBASC

Tilting surface profile for flexible LED washlights references B1939-270 and B1939-RGB. This profile is specially designed to be anchored to walls, floors or other surfaces and securely attached to the washlights, while protecting them from external agents such as dust or moisture. As it can be tilted, it can be oriented in the desired direction at an angle of up to 45°. The set of profile and flexible floodlight is ideal for illuminating the facades of restaurants, offices, shopping centers, discotheques, fashion stores, etc. Includes 1 meter aluminum profile + accessories for surface mounting (metal clips + screws)** **.
