

Quick connector cable for starting RGBW 12/24V LED strips

Ref. B1690-RGBW

RGBW 5-wire 12/24V LED strip quick start connector cable. Use this cable to connect the RGBW LED strip to the corresponding controller. LED strips have one connector cable at the beginning and at the end. But it is common to make several cuts for custom assemblies. With this connector cable you can easily use and take advantage of those sections of RGBW LED strip, very easily and without soldering.

Datos del producto

Nominal Voltage (V)	12/24V-DC
Material	Metal, Plastic
Use Outdoor	No
IP	IP20
Temperature range	-20°C ~ +40°C
Frequency of use	Intensive
Certificates	CE, ROHS
Warranty	According to legal guarantee: 2 years
Track width (mm)	10
Control system	RGB-W
