

## RGBW Rechargeable RGBW LED light table with cooler - 24W - IP67

### Ref. MU5007

Highly decorative and functional RGBW LED light table, designed for outdoor spaces. It incorporates an ice compartment to keep drinks cold and within reach during outdoor gatherings. Thanks to its RGBW system, it offers a wide range of colors to create different atmospheres. With this LED luminous furniture you can create "chill out" spaces, providing glamour and functionality for private enjoyment or commercial use. The limit is your imagination!
