

## Pack of 2 slim LED panels 120X60cm - PHILIPS Driver - 72W - UGR19

### Ref. K5234-2

PACK x 2 recessed LED panels 120x60cm - PHILIPS driver. The panels feature an elegant, ultra-slim design and cutting-edge technology that allow them to provide powerful, uniform lighting in 3 shades: warm white (3000K), neutral white (4000K) and cool white (6000K). They are high efficiency luminaires with a power of 72W and a luminous flux of 5900 lumens. They incorporate a micro-prismatic diffuser that ensures glare-free illumination ( $UGR \leq 19$ ), ideal for offices, conference rooms, schools or hospitals. Thanks to their high color rendering index ( $CRI > 80$ ) they reproduce colors very similar to natural light. The panels can be mounted in false ceilings or recessed directly into plasterboard using a recessing frame (not included).
