

Square tilting downlight ring for GU10 / MR16 bulb - Low UGR - Cutout Ø75 mm

Ref. B921

Square downlight ring specially designed to accommodate GU10/MR16 LED modules or bulbs. Its design allows to focus the light to the desired point, avoiding any kind of glare, thus ensuring maximum visual comfort (low UGR). Highly versatile, this recessed ring can be used in both domestic and commercial environments, either in new construction or to replace existing spotlights. Available in 5 color combinations. ** Lightbulb not included**
